

My occupational health insurance (OHI)

My Dental Check-Ups And Treatments module

Healthy and beautiful teeth provide a good quality of life. Regular dental visits ensure this. The statutory health insurance (SHI) usually only covers part of the dentist's costs – the co-payment is often high. The Dental Check-Ups And Treatments plan will support you here. Your co-payment will be significantly reduced.

Well-covered all round – these are the **benefits** provided by your OHI

Dental prophylaxis

EUR 60 per insurance year, e.g. for professional tooth cleaning

Fillings

100% of the total costs incl. SHI advance payment, e.g. for tooth-coloured composite fillings

Periodontal treatment

100% reimbursement for additional benefits, in the case of corresponding SHI advance payment

Root canal treatment

100%, both with and without SHI advance payment

Katrin R. has a cavity in her tooth. Instead of an amalgam filling, the dentist recommends a high-quality plastic filling in the colour of her teeth. Her health insurance company only reimburses about 40% of the costs.

We cover the costs for high-quality fillings. E.g. two three-surface composite fillings.

Total cost	EUR 250
Reimbursement of SHI ¹	EUR 102
Dental Check-Ups And Treatments plan benefit	EUR 148
Your co-payment	EUR 0
