

Your occupational health insurance (OHI)

Your plan: Preventive Healthcare

healthy^x – an extra portion of health

Being and staying healthy is so important! Regular preventive medical check-ups go a long way to achieving this. With the Preventive Healthcare plan, we offer you far more comprehensive prevention benefits than in the statutory health insurance (SHI). So you always feel good in all respects.

Well-covered all round – these are the benefits provided by your OHI

Enhanced cancer screening

For women and men:
Bowel, bladder and skin cancer screening

Cardiovascular screening

Internal medicine check-up, heart and vascular check-up

Pregnancy care

Including first trimester screening and enhanced ultrasound of the foetus

Athletes' screening plan

Including treadmill analysis and lactate ischemia test

Supplementary medical check-ups

Glaucoma screening, pulmonary function examination, osteoporosis check

Statutory benefits often only offer basic protection

(e. g. colonoscopy for women aged 55 and over and men aged 50 and over – only once every 10 years, internal medicine check-up from the age of 35 – every 3 years, pregnancy care: Basic ultrasonic examinations – 3 x per pregnancy)

Our strong benefits – your advantages

- 100% for various preventive medical check-ups worth around EUR 1,900 within 2 calendar years.
- Regular health check-ups every 2 years, even annually in the case of pregnancy care.
- Health services for your life and the whole family.
- Your employer pays the premiums.
- Without any medical examinations or waiting periods: Protection from day one.
- No minimum age for check-ups.
- Easy continuation of insurance in the event of a change of employer or retirement without medical examination.

We are more than just insurance. We are a strong, reliable partner at your side. Because it's about your health!

Our health services for you and your family¹

Receive and settle invoice

Conveniently submit via our Allianz Health App or by post

You will receive a refund – usually within a few days if you use the app

Good to know

Which examinations are reimbursed?

We have summarised all your insurance benefits for you in a preventive healthcare checklist. You will receive this when your employer registers you for OHI. The checklist immediately shows your doctor which preventive medical check-ups are covered by us. Other treatments not listed in the checklist will not be covered.

How long does my insurance cover last?

You have full health protection for as long as you are employed by your employer and the OHI is in place. Your OHI ends if you change employer, retire or have your 70th birthday. Our offer for you: You can continue your insurance privately in plans with similar benefits.

Where can I find all the details about Preventive Healthcare?

For a more detailed overview of your insurance, please refer to the benefit information sheet. You will receive this when your employer registers you for OHI. The current insurance terms and conditions at the time of conclusion of the contract contain all binding contract contents. You can check these with your employer.

¹Family members are, for example, spouses and partners, children or parents, grandparents and parents-in-law. All services are currently valid (as of May 2021). Individual services may be discontinued, supplemented, or amended in the future.

Do you have any questions?

Your personal agent would be happy to help you. If you have any questions about the benefits, please call our service hotline: 0800 589 33 96, available Mon to Fri 8:00 a.m. – 8:00 p.m.

Always there for you when it counts:
