Good to know

Which trips does my insurance cover apply for?

You are protected with your OHI on all trips abroad up to a stay of eight weeks per trip. On the other hand, your existing health insurance will cover trips within Germany.

Which benefits are not covered?

The following are not insured, for example:

- Treatments abroad that were planned or foreseeable before the trip.
- Your Travel cover also does not include treatment by a non-medical practitioner, cure or rehabilitation measures, aids (visual aids, hearing aids, etc.) or dentures that go beyond repairs.

How long does my insurance cover last?

You have full health protection for as long as you are employed by your employer and the OHI is in place. Your OHI ends if you change employer, retire or have your 70th birthday. Our offer for you: You can continue your insurance privately in plans with similar benefits.

Where can I find all the details about Travel?

For a more detailed overview of your insurance, please refer to the benefit information sheet. You will receive this when your employer registers you for OHI. The current insurance terms and conditions at the time of conclusion of the contract contain all binding contract contents. You can check these with your employer.

¹Family members are, for example, spouses and partners, children or parents, grandparents and parents-in-law. All services are currently valid (as of May 2021). Individual services may be discontinued, supplemented, or amended in the future.
