

## Your occupational health insurance (OHI)

### Your plan: Visual Aids

#### healthy<sup>x</sup> – an extra portion of health

The eyes are our most powerful sensory organ. We perceive up to 80% of all impressions with them. If vision is impaired, glasses and contact lenses can help, but you often need to pay for vision aids yourself. We support you with the Vision Aids plan. This noticeably decreases your co-payment.

#### Well-covered all round – these are the benefits provided by your OHI

**Spectacle lenses**

**Spectacle frames**

**Contact lenses**

100% reimbursement for glasses and contact lenses. Up to EUR 150 total refund within 24 months.

It is important to know when you last purchased glasses or contact lenses. If you buy several sets of glasses or contact lenses within two years, the benefit is reduced. After two years, you can receive the benefit of EUR 150 again.

### Good to know

#### Is it necessary for my eyesight to have changed in order to be reimbursed?

We also reimburse without a change of prescription.

#### To what extent are invoices reimbursed?

Every two years we pay up to EUR 150 for a visual aid. If we have reimbursed you for a visual aid within the last 24 months, the reimbursement will be reduced to the unused part of the maximum amount. After two years, you will receive the full benefit again.

#### How long does my insurance cover last?

You have full health protection for as long as you are employed by your employer and the OHI is in place. Your OHI ends if you change employer, retire or have your 70<sup>th</sup> birthday. Our offer for you: You can continue your insurance privately in plans with similar benefits.

#### Where can I find all the details about Visual Aids?

For a more detailed overview of your insurance, please refer to the benefit information sheet. You will receive this when your employer registers you for OHI. The current insurance terms and conditions at the time of conclusion of the contract contain all binding contract contents. You can check these with your employer.

<sup>1</sup> Family members are, for example, spouses and partners, children or parents, grandparents and parents-in-law. All services are currently valid (as of May 2021). Individual services may be discontinued, supplemented, or amended in the future.
