

Your occupational health insurance (OHI)

Your plan: Dentures Plus

healthy^x – an extra portion of health

Healthy and beautiful teeth provide a good quality of life. Regular dental visits will help preserve them. If major treatment is necessary, the statutory health insurance (SHI) usually only covers part of the dental costs. The Dentures Plus plan will support you here. Your co-payment will be significantly reduced.

Well-covered all round – these are the benefits provided by your OHI

Dentures

70% reimbursement
incl. SHI benefits

Inlays

70% reimbursement
incl. SHI benefits

Implants

70% reimbursement
of total costs
(including general
anaesthesia if necessary)

Additional benefits

E. g. acupuncture at
the dentist; orthodontics
after an accident or
serious illness, after
advance payment by SHI

Katrin R. needed to have a tooth removed. The dentist advises an implant with a crown as a tooth replacement. This will relieve the teeth as much as possible and restore the chewing function naturally. Katrin R.'s health insurance company only reimburses around 18% of the costs.

Together with SHI, we cover 70% of the costs for the implant and crown. Your co-payment is therefore only 30% of the total costs.

Total cost	EUR 2,820
Reimbursement of SHI ¹	EUR 510
Dentures Plus plan benefit	EUR 1,464
Your co-payment	EUR 846 (= 30%)

Our strong benefits – your advantages

- Reimbursement up to the maximum rates of the German Scale of Medical Fees (GOÄ/GOZ).
- No other customary reimbursement limits (known as “dental scales”).
- Cover for ongoing and advised treatments from the start of insurance.
- Your employer pays the premiums.
- Without any medical examinations or waiting periods: Protection from day one.
- Easy continuation of insurance in the event of a change of employer or retirement without medical examination.

Good to know

Will I get full benefits from day one?

Yes, because there are no waiting periods or maximum refunds (known as “dental scales”).

Does the Dentures Plus plan also pay for treatments started or advised before the start of insurance?

Yes, they are insured if the treatment date is after the start of the insurance.

Do I need to submit a treatment and cost plan before treatment?

The treatment and cost plan is your dentist’s cost estimate for dentures. We recommend that you submit it to us in advance. Your advantage: You will know how much we will reimburse you before starting treatment.

How long does my insurance cover last?

You have full health protection for as long as you are employed by your employer and the OHI is in place. Your OHI ends if you change employer, retire or have your 70th birthday. Our offer for you: You can continue your insurance privately in plans with similar benefits.

Where can I find all the details about Dentures Plus?

For a more detailed overview of your insurance, please refer to the benefit information sheet. You will receive this when your employer registers you for OHI. The current insurance terms and conditions at the time of conclusion of the contract contain all binding contract contents. You can check these with your employer.

¹ Family members are, for example, spouses and partners, children or parents, grandparents and parents-in-law. All services are currently valid (as of May 2021). Individual services may be discontinued, supplemented, or amended in the future.
