

Your occupational health insurance (OHI)

Your plan: Dentures

healthy^x – an extra portion of health

Healthy and beautiful teeth provide a good quality of life. Regular dental visits will help preserve them. If major treatment is necessary, the statutory health insurance (SHI) usually only covers part of the dental costs. The Dentures plan will support you here. Your co-payment will be significantly reduced.

Well-covered all round – these are the benefits provided by your OHI
