

Our international insurance program – straightforward and focused on customer needs

- **Benefit of the global network:** Allianz has a presence in major economic markets across the world, giving our customers direct access to our services.
- **Expert local contacts:** Our Allianz network allows us to offer local assistance to our customers' foreign subsidiaries across many nations, taking into account local particularities and enabling an immediate response in the event of a claim.
- **Comprehensive international insurance:** Our specialists craft tailored insurance solutions to provide optimum risk protection. Allianz's flexible concepts range from "good local standard" to a consistent international level of insurance.
- **Established expertise:** Allianz provides exceptional knowledge in international insurance and ensures dependable support globally in the event of a claim.
- **Trust in quality:** Our commitment to quality extends worldwide, covering all our subsidiaries and network partners.

Utilize our global network and benefit from our broad expertise across all areas, from underwriting to risk engineering. Enjoy seamless service from a single source, with swift claims settlement.

New Opportunities Stronger Together For Global Success

MMS--804620 (00) 07.5.25

Your partner for worldwide business

Managing global risks requires insurance solutions that are as dynamic and diverse as our clients' companies.

Allianz Commercial delivers tailored multinational programs for mid-sized and large companies, supported by a global network.

We provide seamless insurance coverage in compliance with local regulations wherever our customers operate.

Our scope of services

We offer comprehensive insurance solutions – from coordinated, stand-alone local policies to fully integrated international insurance programs.

Covered worldwide

Our global network spans more than 200 countries and regions, ensuring deep local knowledge all over the world.

Our clients enjoy local insurance coverage and have access to claims processing and risk management services, no matter where they are located.

Our insurance solutions

You can obtain international insurance solutions for the following insurance sectors:

- Property (buildings, contents and business interruption insurance)
- General Liability / Product Liability
- Financial Lines and D&O
- Marine
- Engineering
- Motor Fleet

Customized insurance programs

based on German basic contract

Local policy

Alternative solution: stand-alone or reinsured policy – based on “good local standard” coverage

Freedom of Service (FoS)

“Europe policy”: Cross-border coverage only for European countries (EEA) through a German policy, taking into account country-specific features.

Master Cover (DIC/DIL)

Follow-up coverage to the local policy to fill coverage gaps and differences in conditions and limits.
